

October 1, 2008

FOR IMMEDIATE RELEASE

Baltimore, MD – Maryland Pump Tank & Electric Co., Inc. announced today it will change its name to Maryland Pump & Tank, Inc. effective October 1, 2008. As part of the re-branding effort, Maryland Pump & Tank will also unveil a new logo, along with updated marketing materials including letterhead, business cards, website, company vehicles and other materials.

This re-branding effort comes after nearly 50 years of experience in the petroleum industry. Maryland Pump & Tank no longer has an electrical department and sees this re-branding effort as a way to focus on the company's core business and future endeavors.

Maryland Pump & Tank offers a wide variety of petroleum services including service station repairs, installation, compliance testing and sales of petroleum equipment and car wash systems. The new logo was created to strengthen the company's brand and identifying Maryland Pump & Tank as a technologically-advanced and expertly-trained industry leader.
